The screenshot shows the patient portal interface with several annotations. A red circle with the number '1' highlights the 'My health' link in the left sidebar. A red circle with the number '2' highlights the 'Test Results' link in the top navigation bar. A blue callout box with white text says: 'Choose "My health" from the left column. Then select "Test Results". Look for the lab test name and date and choose "View results"'. A red circle with the number '3' highlights the 'View results' link for a specific test entry in the table.

Learn the facts about COVID-19
The health of you, your family, and the community is our top priority. Take a moment to learn how to protect yourself and prevent the spread of COVID-19 (2019 novel coronavirus). [CDC guide to COVID-19](#)

If viewing on a cell phone here is the series of screens you will see...

First you navigate to your list of results..

- 1) Click on the plus sign next to “My Health”
- 2) Click on arrow next to “My test results”
- 3) Click on a result from the date you believe your test was done.
In some cases the result date is a day or two AFTER you had the lab drawn.

Currently you cannot rotate your phone to change the list view.

Clicking on "Full Site" takes you to the view on far right. It's teeny tiny but at least you can find the exact lab test faster.
