Eligibility Criteria

Financial Assistance is a resource of last resort. RHRJC reserves the right to allow or disallow assistance based on the patient's or guarantor's ability to pay as determined in the financial investigation process as set forth herein. Furthermore, the hospital reserves the right to deny financial assistance for the failure of patient to take reasonable steps in making application for Medicare, Medicaid, and other governmental medical assistance programs in which they may be entitled to participate, and for the failure to comply with the terms and conditions of this policy.

Eligibility for financial assistance will be considered for patients under the following criteria:

General Eligibility

- **Underinsured** (has limited insurance coverage for the medically necessary care or emergent care)

Limitation of Charges and Calculation of Amount Generally Billed (AGB)

Calculation of AGB

Once an individual has been determined to be eligible for financial assistance, that individual will not be charged more for eligible services than the amount generally billed (AGB) to those who have insurance coverage. RHRJC determines AGB by multiplying the gross charges for care provided to patients by the AGB%. RHRJC has elected to use the "look-back" method to calculate the AGB. This method is based on 12 months of paid claims for Medicare fee-for-service and private health insurers. The amount paid includes both the insurance payment and the patient's out-of-pocket responsibility for emergency and other medically necessary care. RHRJC will calculate its AGB percentages no less than annually by dividing the sum of claim payments to RHRJC by the sum of the associated gross charges for these claims. This AGB is updated annually and is maintained on our website <https://holtonhospital.com/wp-content/uploads/2022/01/Financial-Assistance-Policy-HCH.pdf> (Addendum B) and is free of charge by contacting the Business office at Holton Community Hospital, by calling 785-364-9658 or by mail at Holton Community Hospital, 1110 Columbine Drive, Holton, KS 66436.

Financial Assistance Discounts

Charity Care Discounts

RHRJC determines the level of financial assistance discounts based on the Federal Poverty Levels that is issued annually by the Department of Health and Human Services. For annual incomes between 0%-100%, the financial assistance discount is 100% of charges for any emergency or other medically necessary care. For annual incomes between 101%-200%, the financial assistance discount is based on the requirement of section 501 (r)(5) that limits the amount charged for any emergency or other medically necessary care to not more than the Amounts Generally Billed (AGB) to individuals with insurance covering that care. Applicable rates are listed on the Financial Assistance Application. (Addendum C).

How To Apply For Financial Assistance

For the purposes of this policy the "Application Period" begins on the date the care was provided to the patient and ends on the later of the 240th day after the first post discharge billing statement is provided to the patient or not less than 30 days after the date RHRJC provides the patient the required final notice to commence extraordinary collection actions (ECAs).

Actions That May Be Taken In The Event of Nonpayment

RHRJC will not engage in extraordinary collections actions (ECA) against an individual before making reasonable efforts to determine whether the individual has insurance coverage or is eligible for financial assistance.

For the purposes of this policy, ECA includes lawsuits, liens on residents, arrests, subjecting individual to writ of body attachments, garnishment of wages, foreclosure of real property, seizure of bank account or other personal property, sale of debt to another party, and reporting to credit agencies.

For the purposes of this policy, reasonable efforts to determine financial assistance eligibility includes providing individual with a plain language summary (brochure) of the financial assistance program, a notice on all patient billing statements and other written communications regarding billings, oral communications regarding amount due, and other means available to RHRJC to identify individuals who may be eligible for insurance coverage or financial assistance.

RHRJC may send accounts to one or more collection agencies, but such action is not considered an ECA. Collection agencies will be held, in a written agreement, to the terms and conditions of this policy and will not take ECAs without prior authorization of RHRJC.

If there is no payment, or a financial assistance application has not been submitted by the 120th day after RHRJC provided the individual with the first patient billing statement RHRJC may engage in ECA. The Business Office Manager will have responsibility for determining if RHRJC made reasonable efforts to identify individuals who are eligible for financial assistance, before proceeding with ECA.

Measures to Publicize Financial Assistance Program (FAP) in the Community

RHRJC will widely publicize the financial assistance program by posting information on the RHRJC website, notifying and distributing information to patients at all RHRJC registration areas when they present for service, making information available in registration waiting rooms, including information on patient billing statements, mentioning FAP when discussing an individual's bill over the phone, and by publicizing FAP to community health centers and social service agencies.
